

## **Pearl - Pony Mare**

Age: 2

Size: 13.2 hands

Color: Perlino

Breed: Unknown

Pearl was removed from her owners due to starvation. After 4 months of TLC, she looks fantastic! Pearl is current on all shots, has been wormed and feet trimmed.

Whoever gets this pony is getting a forever friend. She loves people and attention, has absolutely no bad habits that I have seen over the last 4 months. She stands for the farrier for trims, will stand tied and leads easily. She backs with slight pressure to her chest.

I would love to see Pearl become a cart pony. She is so pretty, and to see her pulling a small cart would be adorable!

Please contact Susie Steffensen at 513-505-4758 to come see this wonderful pony, or call the Clermont Co. Animal Shelter at 513-732-8854.
